AISLER

General Terms and Conditions

We, AISLER B.V. and/or AISLER B.V.'s subsidiaries AISLER Germany GmbH and AISLER Americas, Inc. ("AISLER" or "we" or "our"), offer a service to manufacture your electronic design after your specification ("the Service"). These are the General Terms and Conditions ("the Terms") which are applicable to any offers, agreements and subsequent orders that you ("you" or "the User") agree to with AISLER.

Should you have any questions, feel free to contact us via our support form (<https://aisler.net/support/new>), or via Twitter. AISLER is registered with the chamber of commerce number 61802107 at Schoolstraat 2, 6295AV Lemiers, The Netherlands.

We reserve the right to adjust the Terms and you agree that only the most recent version of the Terms are applicable to any agreement between you and AISLER ("the Parties").

Article 1: General Terms

1. The Terms are applicable to any agreement between you and AISLER
2. Upon request, we will send you a physical copy of the Terms.
3. If any provision of these Terms is or is held to be invalid or unenforceable, then so far as it is invalid or unenforceable it has no effect and is deemed not to be included in these Terms. This shall not invalidate any of the remaining provisions of these Terms. The Parties shall use all reasonable endeavors to replace the invalid or unenforceable provision by a valid provision, the effect of which is as close as possible to the intended effect of the invalid or unenforceable provision.

Article 2: Offers and quotes

Offers and quotes are non-binding, unless otherwise agreed upon. An offer or quote is only valid for the time of the request (and not for future requests).

Article 3: The registration

1. For the functionality of the Service you will need an account with AISLER. You will have to provide us with a valid email address, a username and a password. We will protect your personal data, for more details please advise our Privacy Policy.
2. You are responsible for keeping your account safe and to protect it against misuse from others (for example: you are responsible when another person places an order in your name). Use a strong password and do not pass along your credentials to anyone else.
3. We reserve the right to block an account. We do this in the event of the detection of fraudulent behaviour, a breach of these Terms or when the law requires us to.

Article 4: The Service

1. To use the Service you will have to provide AISLER with a valid shipping address along your account credentials.
2. The Service will clearly display which components are included in the offer ("the Items"). You agree to this offer with your order when you accept a quotation or checkout via the order page. We will then send you an order confirmation via email. The order is being produced on-demand after your specification.
3. By placing the order you agree to have adequately checked all preview data available on the service, including but not limited to PCB, Stencil, BOM and Assembly data. Changes after the order has been placed and/or incorrect component assignments may result in additional charges that will be added to your order and that you agree to pay.
4. We will do our best to ship you your order on the estimated shipping date.
5. To send you the order, we will provide your address details to our logistics service provider (e.g. but not limited to PostNL, DeutschePost DHL, UPS). AISLER will assume the shipping address is correctly filled out by you. We will inform you via email when we have carried out your order.

Article 5: Fees & Prices

1. Fees & prices listed on AISLER include respective VAT or Sales Tax unless otherwise indicated.
2. Should you receive a custom quote, the Fees & Prices are customized to your specification, valid only in the defined validity period and may not be disclosed with parties other than your organization.
3. We reserve the right to adjust our prices and fees.

Article 6: Payment

1. Payment is always due upfront, unless otherwise indicated, through a method of payment that is offered through our website
2. Your order is automatically at default if you fail to pay the amount in due time. AISLER reserves the right to suspend delivery of the Services until overdue amounts have been paid in full.
3. Any collection fees incurred have to be fully covered by you. Open amounts less than EUR 267 incur EUR 40 collection fee, for higher due amounts collection fees are as follows
 - 15% for the first EUR 2,500
 - 10% for the amount until EUR 5,000
 - 5% for the amount until EUR 10,000
 - 1% for the amount until EUR 200.000
 - 0.5% for the amount for the rest

Article 7: Right of Cancellation

1. For the sake of clarity, this right of cancellation:
 - a. only applies to consumers (any natural person acting outside a trade or profession) (a "Consumer") and therefore does not apply to any person acting in the exercise of their trade or profession; and
 - b. does not apply to Items made to your specifications or clearly customized to your personal needs (e.g. printed circuit boards, custom ordered parts and stencils).
2. If you are a Consumer, you shall be entitled to cancel an order without giving reason 14 days from the day that you, or a third party indicated by you, received the Items.
3. You shall be obliged to inform AISLER of your decision to cancel by email within this 14 day period.
4. AISLER will reimburse all payments received from you for the Items purchased without undue delay and you will incur no fee as a result of such reimbursement. AISLER may withhold reimbursement until AISLER has received the Items back.
5. You shall be obliged to send back the Items following the instructions of AISLER without undue delay and in any case by no later than 14 days from the day on which you communicate to AISLER your cancellation of the order.
6. You will bear the costs of returning the Items to AISLER.
7. You may lose the right of cancellation if the value of the Items returned diminishes due to the handling of the Items.

Article 8: Defect or non-conformity

1. If Items show a defect or do not have the characteristics which you were entitled to expect ("Non-conformity") after delivery, you must (by email) notify AISLER promptly.
2. AISLER shall, if the Items show a defect or in case of Non-conformity, at its discretion, make an effort to:
 - a. provide missing Items (if any);
 - b. repair Items (if possible and reasonable);
 - c. replace Items; or
 - d. (partially) reimburse the costs.
3. In any case of a defect, Non-conformity or any other breach of the agreement, the liability of AISLER shall be limited to (a) 20% of the aggregate amount of the order (b) or, if the defect, Non-conformity or other breach is attributable to the manufacturer, the amount paid by such manufacturer to compensate the defect, Non-conformity or other breach. In any case, if the electronic design in your order does not abide to AISLER's design rules, AISLER shall not be held liable for any defect, non-conformity or any other breach of the agreement.
4. AISLER shall not be held liable for the Non-conformity or defects of Items that are customized to your specifications or Items that are clearly customized to your personal needs if the defect or Non-conformity is a result of your design or preferred customization.

Article 9: Liability

1. You use the Items at your own risk, AISLER shall not be liable for any direct or indirect damages suffered due (the use of) the Items.
2. In any case, the liability of AISLER shall be limited to the amount paid by its insurer.

Article 10: Intellectual property

1. AISLER respects your intellectual property rights.
2. When using AISLER's Service you may share material protected by intellectual property rights, such as designs, with AISLER ("Intellectual Property").
3. Intellectual Property you share with AISLER shall be used by AISLER only for the purpose of providing the Service.
4. AISLER may involve third parties in the performance of the Service (e.g. a manufacturer). AISLER shall procure that any third party involved in performance of the Service shall be bound by this clause.

Article 11: Complaints

AISLER would like to know if you had any complaints with the execution of these Terms. Please contact us via our support form (<https://aisler.net/support/new>) with a detailed description of the complaint and we will try to answer your complaint as quickly as possible, usually within five business days. Should your request take longer we will send you a confirmation of receipt within five business days and give you an approximate date when we estimate the complaint to be resolved. Should we not mutually solve the complaint, then neither will these Terms considered to be in disagreement, nor will it fall under the regulations for dispute.

Article 12: Governing law and jurisdiction

The Terms, any offer and any agreement concluded between you and AISLER are governed by Dutch law. The applicability of the Vienna Sales Convention 1980 is excluded.

Article 13: Regulation of dispute

1. We both agree to submit to the non-exclusive jurisdiction of the court in Maastricht, the Netherlands, which means that you may bring a claim to enforce your consumer protection rights in connection with these Terms in the Netherlands or in the EU country in which you live.
2. We prefer to solve your requests in direct contact with you. If you would like to bring a matter to our attention, please contact us via our contact form (<https://aisler.net/support/new>)
